**ANNEXURE VI****MANAGEMENT DISCUSSION & ANALYSIS REPORT****[Pursuant to Schedule V (B) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015]**

The Management Discussion and Analysis Report has been prepared in accordance with the provisions of Regulation 34(2)(e) of the LODR Regulations, read with Schedule V(B) thereto, with a view to provide an analysis of the business and Financial Statements of the Company for F.Y. 2025-26 and should be read in conjunction with Company's financial statements, the Directors' report and other information included elsewhere in the Annual Report.

**1. FORWARD LOOKING STATEMENT:**

The report contains forward looking statements, identified by words like plans, will expect, will anticipate, intends, estimates, projects and so on. All statements that address expectations or projections about the future, but not limited to the company's strategy for growth, product development, market position, expenditure and financial results are forward looking statements. They are based on certain assumption and expectation of future events, the company cannot guarantee that these are accurate or will be realized. The company's actual results, performance or achievement could thus differ from those projected in any forward looking statements. The company assumes no responsibility to publicly amend, modify or revise any such statement on the basis of subsequent development, information or events.

**2. INDIAN ECONOMY**

India's growth momentum remained resilient through FY 2025-26 despite a turbulent global backdrop marked by geopolitical tensions and evolving trade dynamics. India retained its position as the fastest-growing major economy and, during the year, was confirmed as the world's fourth-largest economy, having surpassed Japan with nominal GDP crossing the USD 4 trillion mark — placing it behind only the United States, China and Germany.

As per the provisional estimates released by the Ministry of Statistics and Programme Implementation, India's real GDP grew by 7.7% in FY 2025-26, up from 7.1% in FY 2024-25 (under the revised national accounts series with 2022-23 as the base year). Growth was broad-based — the manufacturing sector expanded in double digits, the services sector (trade, hotels, transport and communication) recorded robust growth, and gross fixed capital formation strengthened, reflecting sustained investment activity and capacity creation.

Monetary policy turned decisively supportive of growth. The Reserve Bank of India reduced the policy repo rate by a cumulative 100 basis points during FY 2025-26 — from 6.25% to 5.25% — as part of a broader easing cycle of 125 basis points that commenced in February 2025, signalling the central bank's clear intent to lower borrowing costs, stimulate credit

demand and revive economic activity. With headline inflation easing to multi-year lows, the RBI subsequently adopted a neutral stance and held the repo rate steady at 5.25%.

Infrastructure and capital expenditure remained a cornerstone of the Union Government's economic strategy, underpinned by policies aimed at boosting capex, improving logistics and strengthening public infrastructure. Key indicators — including core sector output, bank credit and industrial production — registered healthy expansion through the year.

Outlook: For FY 2026-27, the RBI has projected real GDP growth to moderate to around 6.6%, factoring in global headwinds and monsoon-related uncertainties, even as India is expected to retain its position as the fastest-growing major economy and to remain firmly on its trajectory towards the "Viksit Bharat" vision.

### **3. SECTORAL OVERVIEW**

The Indian economy continued to demonstrate resilience during FY 2025-26, recording real GDP growth of 7.7% (as per provisional estimates), supported by robust domestic demand, government-led infrastructure and capital-expenditure initiatives, and the steady adoption of digital technologies across industries. The Government's sustained emphasis on "Digital India," ease of doing business and the "Atmanirbhar Bharat" vision has provided a strong foundation for growth in the technology-enabled services sector.

The Information Technology (IT) and Business Solutions sector, in which Infonative Solutions Limited operates, remains one of the fastest-growing segments of the Indian economy. As per NASSCOM's Annual Strategic Review 2026, India's technology industry revenue is estimated at approximately USD 315 billion in FY 2026, reflecting a growth of about 6.1% year-on-year, with exports of around USD 246 billion. FY 2026 marked a decisive inflection point for the industry, with Artificial Intelligence (AI) moving from experimentation to function-specific, enterprise-scale deployment — reshaping operating models and accelerating productivity across the sector.

Global clients continue to outsource critical IT and business functions to India, drawn by cost advantages, a deep and skilled talent pool, and an innovation-driven ecosystem. The rapid adoption of Software-as-a-Service (SaaS) platforms, accelerating digital transformation among SMEs, the expanding role of Global Capability Centres (GCCs), and the Government's strong digital infrastructure push continue to create fresh opportunities for solution providers.

Despite these strong drivers, the sector faces challenges in the form of global macroeconomic uncertainty, currency volatility, evolving data-protection and compliance requirements, and a shortage of advanced technology talent. Nevertheless, the medium-to-long-term outlook remains robust, with emerging opportunities in AI-led services, cybersecurity, fintech, e-governance and digital agriculture opening up new verticals.

### **4. GLOBAL SECTORAL OVERVIEW**

The global economy navigated a phase of moderated growth during the year, with the International Monetary Fund (IMF) projecting world GDP growth of around 3.0% in 2026.

Growth has been uneven — geopolitical conflict and trade-related uncertainties have weighed on activity, even as demand-driven momentum in the global technology cycle, led by advances in Artificial Intelligence, has provided a significant offset. The technology and business solutions sector remains at the heart of this transformation, as enterprises worldwide accelerate their digital adoption journeys to improve efficiency, resilience and competitiveness.

Key global trends shaping the sector include:

- **Digital Transformation at Scale:** Organisations across industries continue to prioritise investments in cloud computing, AI, machine learning, big data and automation. Global spending on digital transformation is expected to exceed USD 3 trillion by 2030, sustaining strong demand for IT and business solutions.
- **Rise of SaaS and Platform-based Models:** The SaaS ecosystem continues to expand rapidly, providing scalable, subscription-based solutions to enterprises of all sizes, particularly SMEs and mid-market businesses.
- **Cybersecurity and Data Protection:** With deepening reliance on digital platforms, global end-user spending on information security is projected at around USD 240 billion in 2026, making it one of the most critical sub-sectors within IT.
- **Sustainability and Green Tech:** Technology companies worldwide are increasingly aligning their strategies with sustainability goals, embedding energy-efficient solutions and green-IT practices into their offerings.
- **Talent Dynamics and Outsourcing:** Despite economic uncertainty, outsourcing of IT and business processes continues to grow, with India and other emerging markets retaining a competitive advantage through the availability of skilled manpower and cost efficiency.

While opportunities remain abundant, the sector continues to face challenges from inflationary pressures, geopolitical tensions, evolving data-protection regulation and supply-chain disruptions. Global enterprises are therefore adopting a cautious-yet-investment-focused approach to technology spending.

## 5. REVIEW OF OPERATIONS

During the financial year under review, the Company recorded steady growth in its top line, even as profitability moderated on account of higher operating costs. Revenue from operations stood at ₹2,301.94 Lakhs, registering a growth of 6.21% over the previous year's revenue of ₹2,167.35 Lakhs. Total income, including other income of ₹161.43 Lakhs, rose to ₹2,463.36 Lakhs as against ₹2,218.88 Lakhs in the previous year, reflecting a growth of 11.02%.

Profit after Tax (PAT) for the year stood at ₹285.49 Lakhs, as against ₹594.69 Lakhs in the previous financial year, registering a decline of approximately 52.00% year-on-year. The decline in profitability was primarily attributable to a significant increase in employee benefits expenses (₹1,516.85 Lakhs, up from ₹1,112.86 Lakhs) and other expenses (₹446.96 Lakhs, up from ₹202.92 Lakhs), together with higher finance costs (₹55.57 Lakhs, up from ₹32.21 Lakhs) and a prior-period charge of ₹5.89 Lakhs, partly offset by higher other income and

lower depreciation. Earnings per share (basic and diluted) for the year stood at ₹2.41, as compared to ₹6.82 in the previous year.

The consistent growth in revenue reflects the Company's ability to adapt to evolving market dynamics while maintaining a strong customer base and expanding into new opportunities. Your Directors remain optimistic about the Company's long-term prospects and continue to explore avenues for sustainable growth, diversification and value creation for stakeholders. The focus continues to be on strengthening operational capabilities, enhancing customer relationships, leveraging emerging technologies to drive competitive advantage, and pursuing improved cost efficiencies to restore margins.

## 6. DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

In accordance with Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the details of significant changes (i.e. a change of 25% or more as compared to the immediately preceding financial year) in the key financial ratios, along with explanations therefor, are set out below:

| Ratio                                    | FY 2025-26 | FY 2024-25 | Variance | Significant change |
|------------------------------------------|------------|------------|----------|--------------------|
| Current Ratio (times)                    | 0.81       | 1.06       | (24%)    | No                 |
| Debt-Equity Ratio (times)                | 0.13       | 0.25       | (50%)    | Yes                |
| Debt Service Coverage Ratio (times)      | 1.04       | 2.39       | (57%)    | Yes                |
| Return on Equity / Net Worth (%)         | 10.36%     | 45.47%     | (77%)    | Yes                |
| Inventory Turnover Ratio                 | NA         | NA         | —        | NA                 |
| Trade Receivables Turnover Ratio (times) | 4.10       | 5.38       | (24%)    | No                 |
| Trade Payables Turnover Ratio            | NA         | NA         | —        | NA                 |
| Net Capital Turnover Ratio (times)       | (52.85)    | 139.71     | (138%)   | Yes                |
| Net Profit Ratio (%)                     | 12.40%     | 27.44%     | (55%)    | Yes                |
| Return on Capital Employed (%)           | 11.18%     | 50.01%     | (78%)    | Yes                |
| Return on Investment (%)                 | 5.97%      | 23.79%     | (75%)    | Yes                |

Explanations for ratios that changed by 25% or more:

- **Debt-Equity Ratio (-50%):** The ratio declined primarily on account of a substantial increase in shareholders' funds following the issue of fresh equity share capital during the year, which expanded the equity base and more than offset the increase in short-term borrowings during the year.
- **Debt Service Coverage Ratio (-57%):** The decline was on account of lower earnings available for debt service, arising from a reduction in profit before interest and taxes owing to higher operating costs during the year.

- **Return on Equity / Net Worth (-77%):** The decline resulted from the reduction in profit after tax combined with a significant increase in the average shareholders' equity, consequent to the issue of fresh shares during the year.
- **Net Capital Turnover Ratio (-138%):** The movement is on account of current liabilities exceeding current assets during the year, resulting in negative working capital.
- **Net Profit Ratio (-55%):** While revenue from operations remained broadly consistent with the previous year, profitability declined owing to a significant increase in operating expenses — primarily employee benefits expenses and other expenses — during the year.
- **Return on Capital Employed (-78%):** The decline was due to the reduction in operating profit, combined with an increase in capital employed arising from the higher share capital and reserves during the year.
- **Return on Investment (-75%):** The decline was attributable to the reduction in profit after tax coupled with an increase in the total asset base during the year.

### INDEPENDENT AUDITOR'S REPORT

**To The Members of Infonative Solutions Limited**  
(Formerly known as Infonative Solutions Private Limited)  
**Report on the Audit of the Financial Statements**

#### Opinion

We have audited the accompanying financial statements of Infonative Solutions Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021, as amended ("Accounting Standards") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its profit, its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. We have determined that there are no key audit matters to communicate in our report.

#### Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows of the Company in accordance with the Accounting Standards and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.

However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

#### Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We were engaged to audit the internal financial controls over financial reporting of Infonative Solutions Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These Financial Statements materially comply with the accounting standards as prescribed under section 133 of the Companies Act, 2013 .

**3. Significant accounting policies**

**3.1 Use of estimates**

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities, if any) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

**3.2 Material Events**

Material events occurring after the Balance Sheet date which provides evidence of conditions that existed as on balance sheet date, are taken into cognizance in accordance with the principles laid down in AS 4 "Contingencies and events occurring after the balance sheet date".

**3.3 Cash and Bank Balance**

Cash comprises cash on hand, bank balances and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

**3.4 Property, Plant and Equipment**

Property, Plant and Equipment(PPE) are carried at cost less accumulated depreciation and impairment losses, if any. The cost of assets comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses. Subsequent expenditure on assets after its purchase is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Gains or losses arising from derecognition of Property, Plant and Equipment's are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on tangible assets is provided based on the written down value method as per the useful life prescribed in Schedule II of the Companies Act, 2013.

Depreciation on additions to property, plant and equipment's is provided on a pro-rata basis from the date the assets are ready for use. Depreciation on sale/deduction from property, plant and equipment's is provided for up to the date of sale, deduction and discard, as case may be.

### 3.5 Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Amortization is charged to profit or loss for the year on a written down value basis over the estimated useful lives of intangible assets unless such lives are indefinite. Intangible assets with an indefinite useful life are systematically tested for impairment annually or as soon as there is an indication that the asset may be impaired. Intangible assets with a finite useful life are amortized as of the date the asset is available for use.

#### Intangible Assets under Development

Projects under which intangible assets are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

### 3.6 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

### 3.7 Investment

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises the purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired by the issue of shares or the other securities, the acquisition cost is the fair value of securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

### 3.8 Foreign currency transaction

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Foreign currency monetary items of the Company outstanding at the Balance Sheet date are restated at the year-end rates.

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

### 3.9 Revenue recognition

Revenue from services are recognized in accordance with the terms of contract when services are rendered and the related costs are incurred.

Revenue in respect of sale of courseware and other products is recognised at a point in time when this are delivered, the legal title is passed and the customer has accepted the courseware and physical deliverables. In other cases, where courseware is not considered a separate component under a contract, revenue from the composite course is recognised over the period of the training or the contract period, depending upon the terms and conditions of the contract.

### 3.10 Other income

Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

Other Income other than interest income are recognised on accrual basis.

### 3.11 Borrowing Cost

Borrowing Cost directly attributable to the acquisition, construction or production of a qualifying assets, which are assets that necessarily take a substantial period of time to get the ready for their intended use or sale, are capitalised as part of that asset, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised as interest expense in the period in which they are incurred.

### 3.12 Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss based on the agreement over the lease term.

### 3.13 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

### 3.14 Income Taxes

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income- tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items related to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

### 3.15 Employee benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences.

#### (i) Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service.

#### (ii) Defined Contribution Plan

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

#### (iii) Defined benefit plans:

The Company's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried at the year end using the Projected Unit Credit Method. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

#### (iv) Other long-term employee benefits

Compensated absences are in the nature of other long term employee benefits. The present value of the obligation is determined based on actuarial valuation carried at the yearend using Projected Unit Credit (PUC) method. Actuarial gains and losses are recognized immediately as an income or expense in the Statement of Profit and Loss in the period in which they occur.
